

OKPARA FELIX KELECHI

DATA ANALYST

Uyo, Nigeria | +2348064053732 | felixkokpara@gmail.com

PROJECTS

Housing Data Cleaning (Ms-Excel, PowerQuery, Ms-SQL Server)

- Successfully cleaned and organized a large housing dataset consisting of over 7,000 rows and 18 columns using SQL queries, resulting in accurate and meaningful insights for stakeholders.
- Conducted data quality checks to ensure accuracy, completeness, and consistency of the data, identifying and correcting errors and anomalies to improve data integrity.
- Prepared data for stakeholder analysis, including creating views and tables to aggregate data and generate meaningful metrics and visualizations.

Exploring COVID-19 Data: An Analysis of Global Trends and Patterns (Ms-SQL Server, Tableau)

- Explored the data using various data analysis techniques to identify trends and patterns in the pandemic.
- Identified significant trends and patterns in the dataset, such as the increase in cases over time and the impact of vaccination on the spread of the virus.
- Developed an interactive dashboard that showcased the analysis and insights of the data for stakeholders.

Tech Industry Layoffs Analysis (Ms-Excel, Tableau)

- Conducted a comprehensive analysis of recent layoff announcements in the tech industry, including companies such as Amazon, Alphabet, Meta, Microsoft, Salesforce, and more.
- Analyzed the data to identify trends and insights, such as the most common industries and locations impacted by layoffs, the largest and smallest layoff announcements, and the companies with the highest and lowest impacted workforce percentages.
- Created visualizations to help stakeholders easily understand and compare the data.

SKILLS

- | | | |
|-------------------|-----------------|--------------|
| • PowerBI | • Pivot Tables | • Python |
| • DAX | • Power Query | • Numpy |
| • Microsoft Excel | • MS-SQL Server | • Pandas |
| • Google Sheets | • MySQL | • Matplotlib |
-
- | | | |
|------------------------------|------------------------|---------------------|
| • Great Interpersonal Skills | • Attention to Detail | • Research |
| • Effective Time Management | • Excellent Work Ethic | • Creative Thinking |

EDUCATION

Federal University Of Technology

Owerri, Nigeria

B.Eng in Electrical and Electronic Engineering

Graduation Date: November, 2021

AltSchool Africa

Lagos, Nigeria

Diploma in Backend Engineering (Python)

Graduation Date: March, 2023
